

## RFID Ultralight C Paper label

### RFID tag structure

RFID Chip + RFID Antenna + Housing Material

### Product Description

Tag Type	
Protocol standard	ISO14443A
Operation Frequency	13.56Mhz
Reading range	about 1~5cm (vary from different reader and environment)
Chip Model	Ultralight, Ultralight EV1, Ntag203/213/215/216,S50/F08
user Memory	384bits,1024bits,144/504/888 Bytes,1024BYTES
Antenna Material	Aluminum etching antenna
Process	Flip chip
Inlay size	21mm diameter
Label size	25/30mm diameter
Surface Material	80g coated paper
Release paper	White glassy paper
Life Time	10 years
Operating Temp	-40 - +80°C
Applications	Mobile payment & e-payment Loyalty system for promotion Ticketing management
